Who is Eligible to Apply?

- Plumbing or HVAC apprentices who are working for a PHCC contractor member.
- Trade school or community college students studying plumbing or HVAC installation, service and repair.
- College students pursuing a major directly related to the plumbing-heating-cooling industry - mechanical engineering, business administration, etc.

How Does Someone Apply?

- Visit <https://www.phccfoundation.org/foundation/scholarship-program/>
- Gather the required submission materials (letters of recommendation & background info).
- Complete the online application form, uploading the required documents.
- Applications and all required supporting materials are due by **May 1st**.

Remember - if your company pays for an employee to attend apprentice school, every scholarship dollar won by your apprentice will help to reduce your company's training costs. Have your apprentices apply!
